

UNLOCK YOUR GLOBAL POTENTIAL

# The ELITE MENTORSHIP PROGRAM

Tech | Creativity | Leadership | Language | Innovation

## ABOUT TEMP

The Elite Mentorship Program (TEMP) is a transformative youth mentorship and development platform designed to help young Africans discover their potential, build 21st-century skills, and connect with global opportunities.

TEMP offers personalized mentorship, experiential learning, and international exposure guiding each learner to lead, create, and thrive in a changing world.

Structured, guided, and globally benchmarked, TEMP bridges the gap between education and real-world readiness through curated learning tracks, mentorship, and practical experiences.

## TEMP DURATION

TEMP is a 30-Month Immersive Experience; A flexible, personalized journey where learners can start from one track and grow into multiple areas as they master skills and discover new interests.

Each participant enjoys access to :

- Real-world experiences and projects
- Mentorship from top professionals
- Alumni community and global exposure
- Global learning tools and productivity platforms

# The 6-IN-1 EXPERIENCE

TEMP offers six integrated tracks that shape learners for academic, personal, and professional excellence making it the ultimate gift for your teenager.

1. Academic Excellence and Global Learning : We help learners excel in school and beyond through personalized academic support, exam readiness, and access to international programs.

## THIS INCLUDES :

- Study support and tutoring in all core subjects
- Admission, scholarship, and exchange guidance
- Research and innovation projects both targeted and general

Outcomes : Improved academic confidence, global exposure, and readiness for higher education opportunities

2. Career Readiness and Professional Growth : Learners are equipped for real-world success through exposure to industries, mentorship, and career tools

## THIS INCLUDES :

- Career discovery and guidance sessions
- CV, LinkedIn, and portfolio development
- Internship and job-shadowing opportunities

Outcomes : Career clarity, professional confidence, and practical experience for future jobs.

**3. Skills and Talent Development :** From tech to creative arts, sports to digital innovation, learners develop their natural gifts into practical, marketable skills

**THIS INCLUDES :**

- Sports and fitness (football, dance, etc.)
- Arts, entertainment, and digital creativity
- Coding, 3D design, digital marketing, and more

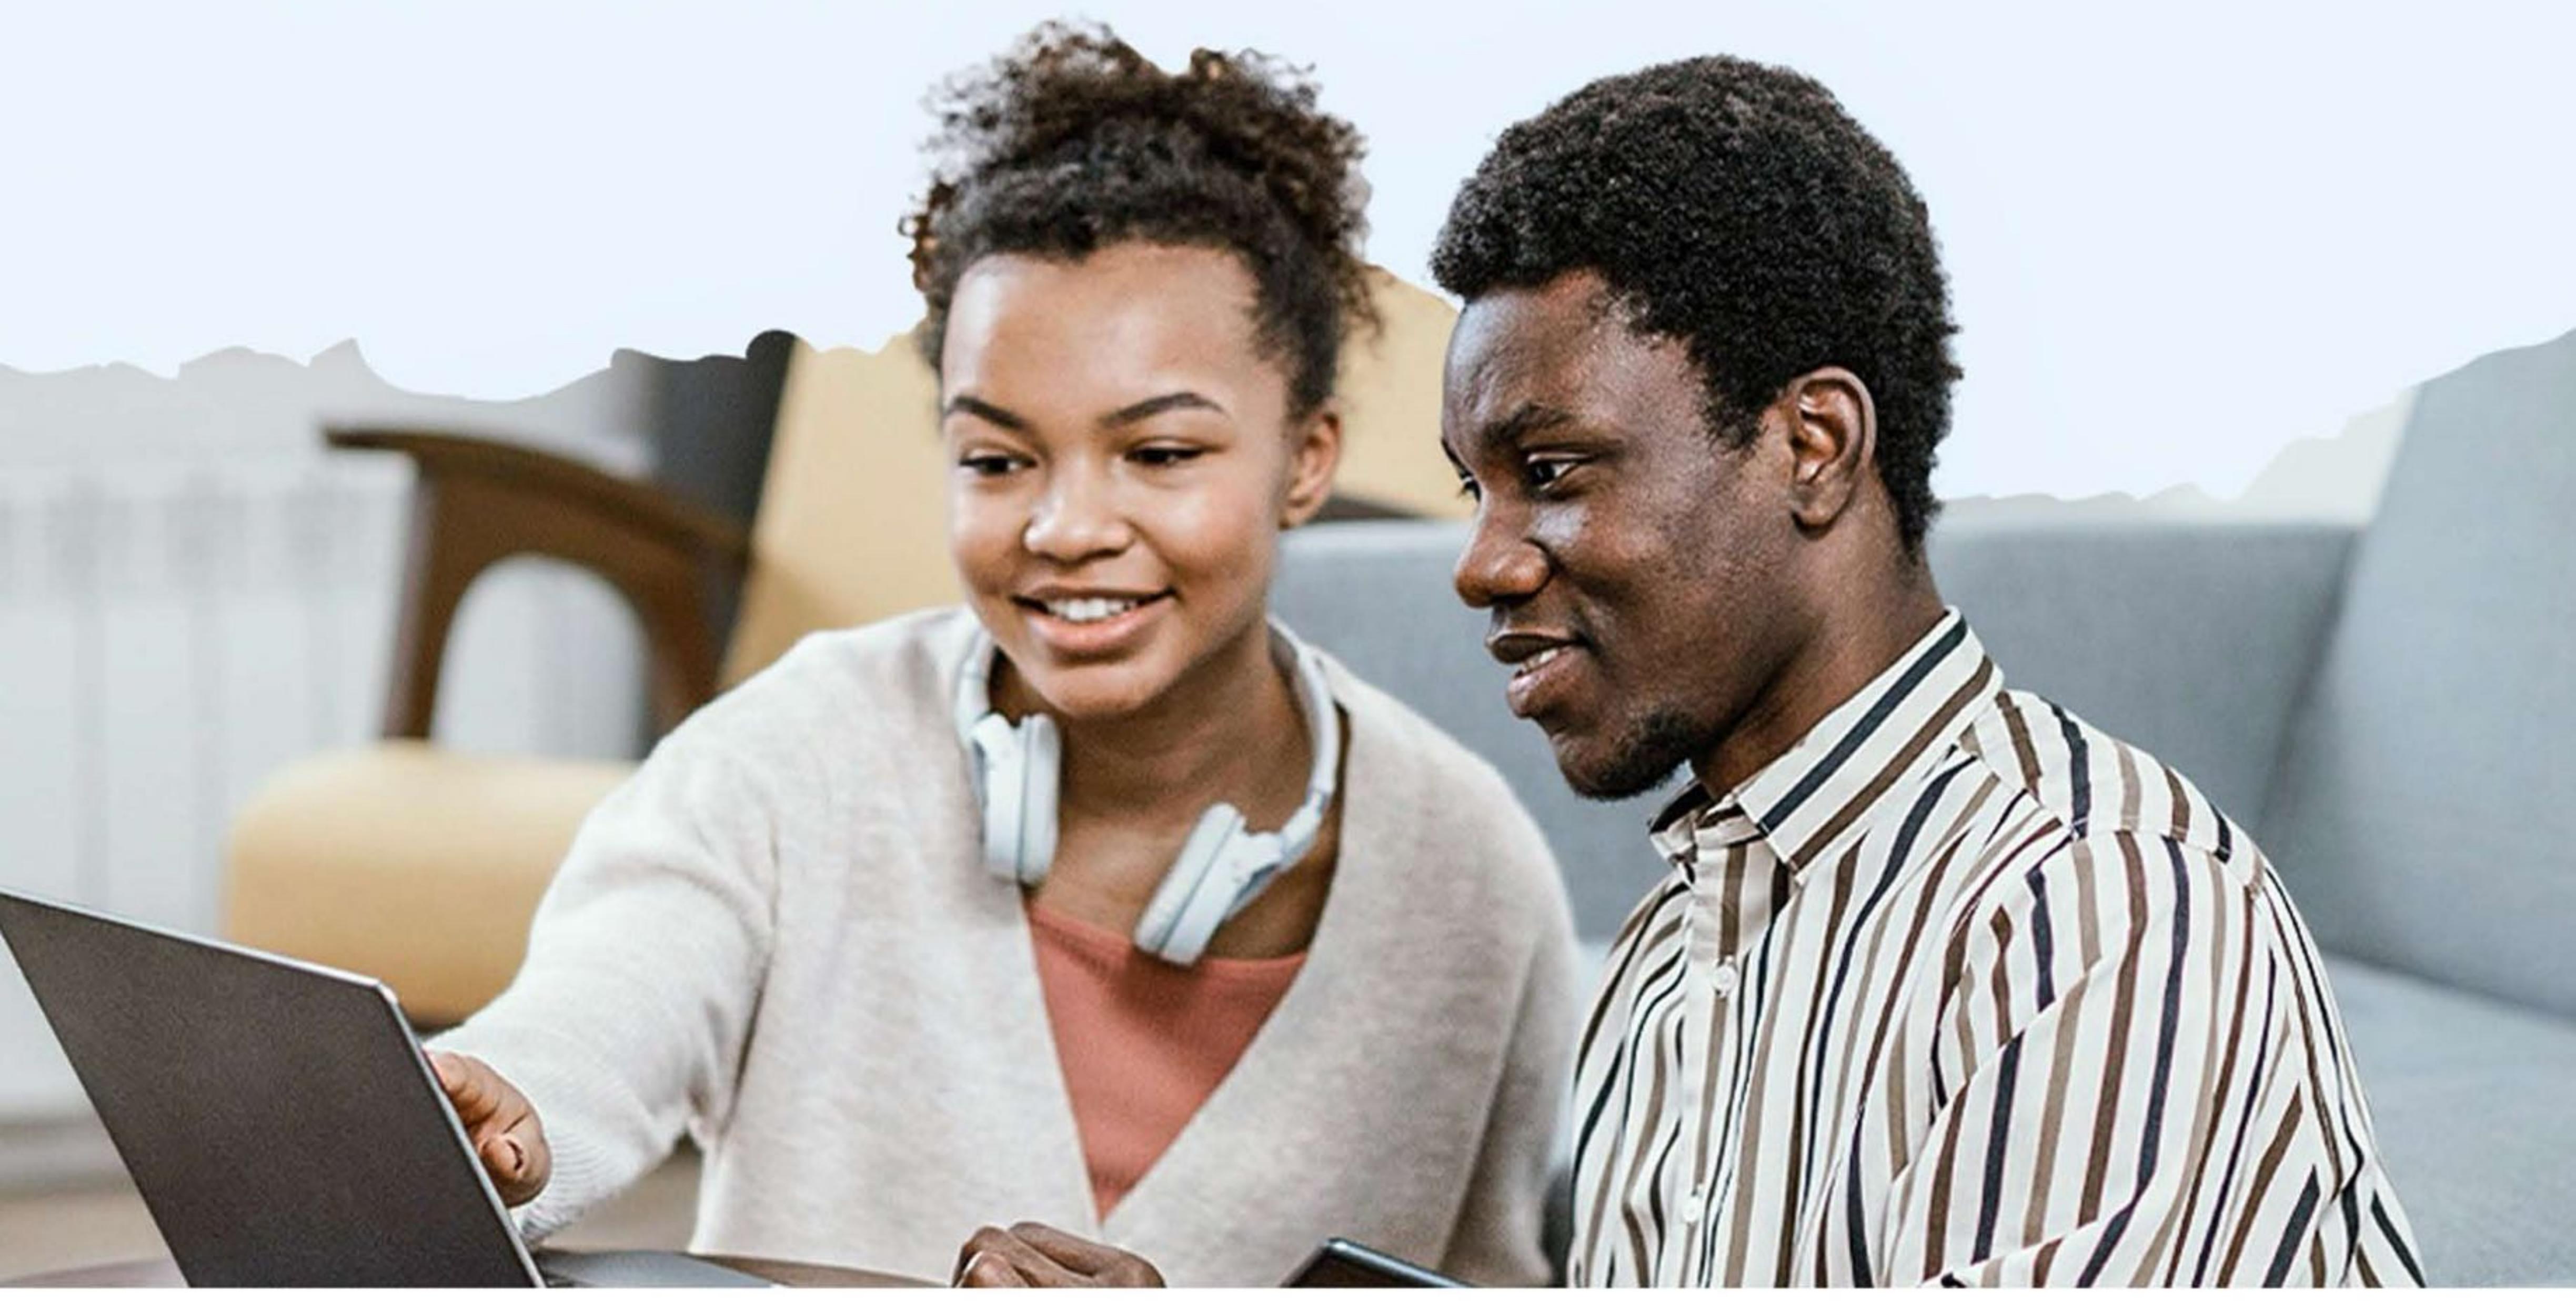

**Outcomes :** Monetizable skills, creative expression, and digital readiness.

**4. Global Language and Culture :** Learners open global doors by mastering new languages and developing intercultural knowledge and communication skills.

**THIS INCLUDES :**

- Cross-cultural exchange and etiquette
- French, German, Mandarin, and Spanish
- Public speaking and global communication training

**Outcomes :** Improved communication, cultural fluency, and international confidence.

5. Mentorship and Personal Growth : Each learner is matched with a mentor who helps shape their mindset, leadership, and personal vision for life. Their experience in mentorship is tailored to their desired space and future track.

**THIS INCLUDES :**

- One-on-one and group mentorship
- Life, career, and mindset coaching
- Personal development planning and training

Outcomes : Confidence, clarity, and leadership growth under expert guidance.

6. Social Impact and Leadership : Learners become global citizens by engaging in social projects, volunteering, and community leadership.

**THIS INCLUDES :**

- Social innovation and entrepreneurship
- Community service and youth-led projects
- Access to events, alumni network, and global summits

Outcomes : Responsible leadership, collaboration, and community impact.

## HOW TEMP WORKS

- › Apply and Showcase via creative portfolios, performances, and project presentations.
- › Orientation and Consultation — Identify each learner's goals, interests, and strengths.
- › Learn and Train in Practical sessions, projects, and mentorship tailored to their chosen tracks.
- › Access Global Networks through internships, alumni programs, and mentorships across industries.

## EVALUATION & CERTIFICATION

Learners are assessed across global competence areas:

- › Digital fluency and collaboration
- › Creativity and innovation
- › Global citizenship mindset
- › Leadership and adaptability
- › Social and emotional growth

Graduates receive TEMP Certificates of Excellence and Mentorship Endorsements recognized by partner institutions and global mentors.

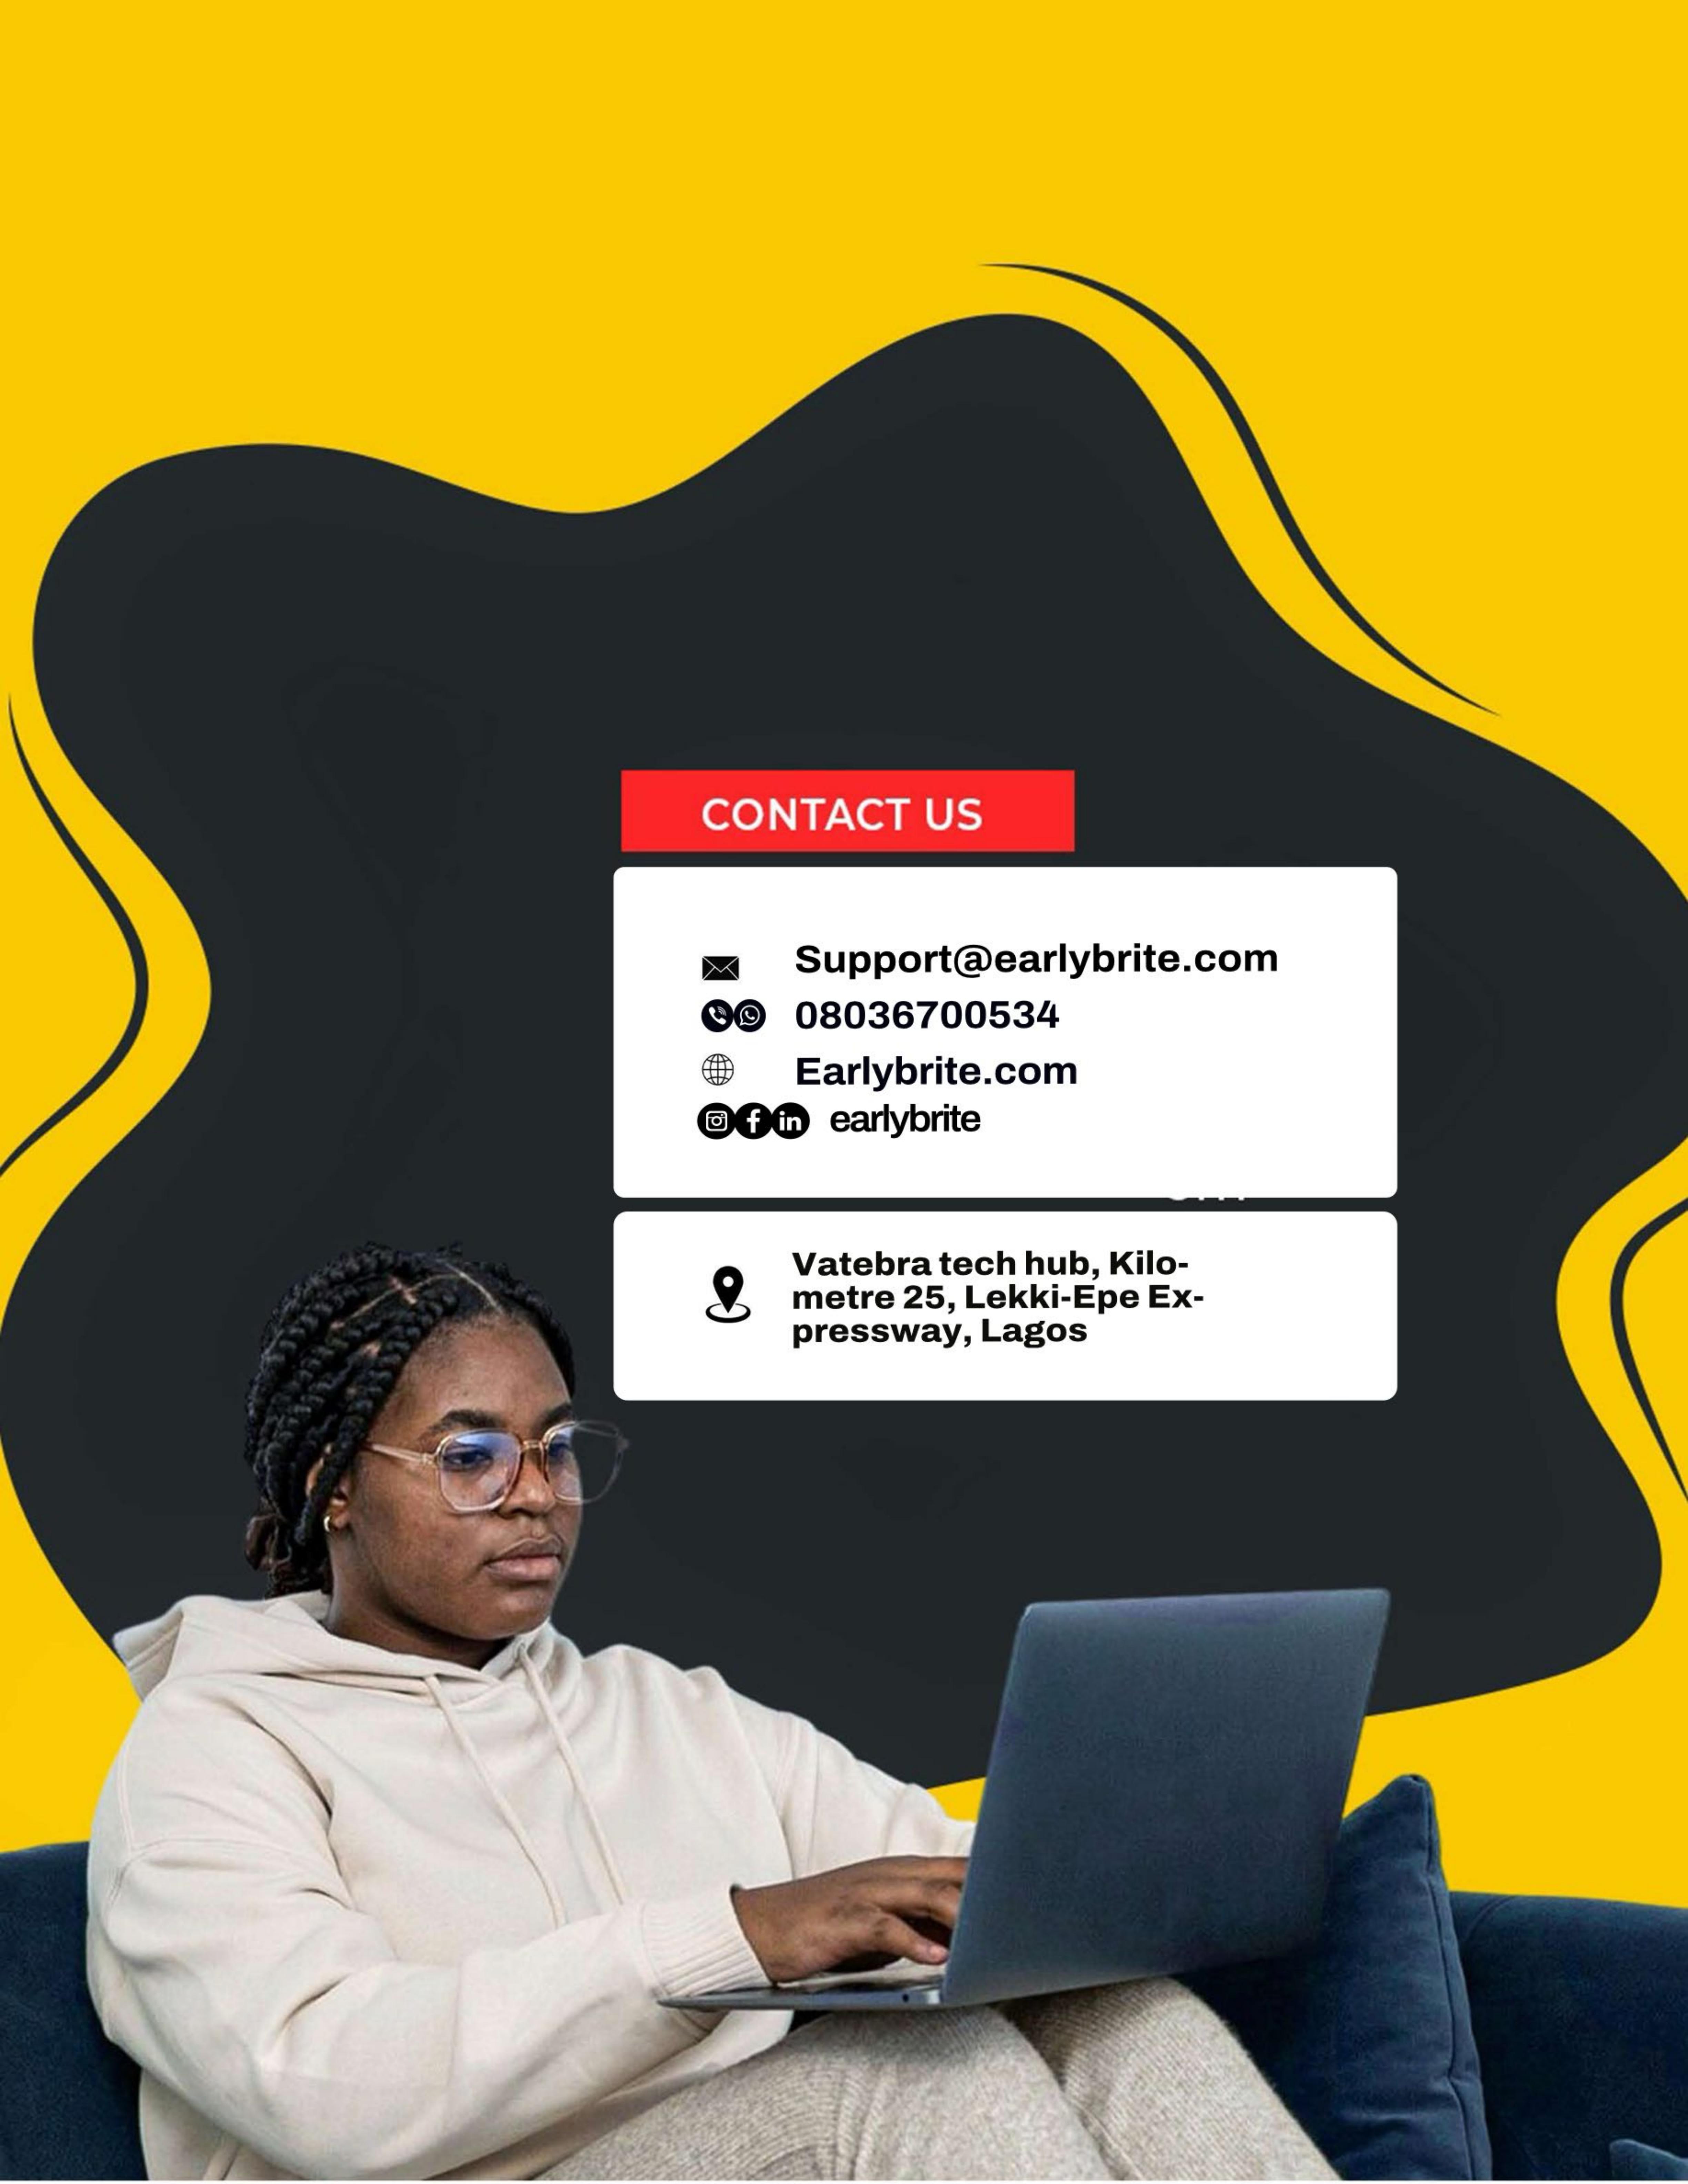

“

TEMP is not just a program, it is a lifetime investment in your teenager's potential, a space where learning meets purpose, mentorship meets mastery, and dreams meet direction.

TEMP draws from international frameworks to ensure world-class relevance:

- › UNESCO Global Citizenship Education (GCED)
- › ISTE Standards for Digital Learning
- › FIFA Youth Development Guidelines
- › Harvard Life Skills Framework for Youth Development
- › World Economic Forum's Future of Jobs Framework (2025)
